

Newchurch Parochial Church Council 2017 Report for AGM

It's been a quiet year for the church last year where we were treading water. We had no elected Parochial Church Council members and only one church warden. There was no building work in the last year as thankfully the church seems to be in good repair. Although we held coffee mornings from April to October in 2016 we were unable to pay the parish share to Canterbury diocese so we recorded a loss in the accounts.

The Harvest supper in October 2016 was a 'bring and share' effort and the end of year carol service was very well attended.

We hope in the current year we will have more members elected, and build up activity and fundraising.
