

Our monthly talks have ranged from making/tasting chocolate, jolly hockey sticks, seaside entertainment, soap making, the birds of Romney Marsh and the farming calendar.

The annual outing was to the life boat station at Dungeness, we were allowed to sit inside the boat, state of the art computers and all well equipped for rescues, the evening ended with fish/chips at the Britannia.

The jumble sale is still our main fund raiser, it amazes me what people will buy!! And again a fish/chip lunch is eaten before the punters come in.

Other things on the calendar included; a cream tea, bat and trap, BBQ, a garden visit, Christmas Lunch and another fish/chip supper.

We celebrated our 29th birthday in March with supper at Newchurch House, they looked after us very well.

All in all another happy, busy year.
